

Submit Your Ringtone to SmallAnimalChannel

Got a sound clip you think other SmallAnimalChannel members might want to put on their phones? Submit it to us!

Send us a ringtone of your critter's voice! We can accept MP3 files with a maximum length of 15 seconds. Please follow our tips/guidelines before recording your ringtone or submitting it to us. Our staff will review your ringtone and post on the site if acceptable within 3 business days.

Tips/Guidelines Ringtones that contain human voices and/or animals in distress will not be accepted.

If you can only record into .wav format, you can convert the file using mp3 encoding software. Example software

Ringtone submissions should be free of other noises as much as possible and your critter's voice should be isolated.

Ringtones are best without pauses or breaks. Your ringtone should be producing sound continuously.

Name your file in a manner that will help identify the ringtone. For example: Ferret_dook.mp3 or Rabbit_grunt.mp3
