

Summer Safety Script

Create a Public Service Announcement video for Summer Safety!

(Speaker)

Hi, I'm [your name] and this is [your animal's name (if they're included in the video)] from [your city and state].

(Speaker)

Everybody loves summer, but it can bring some real dangers to our animal friends, including heatstroke and dehydration.

(Speaker)

Here are a few ways to keep your pets and animals safe this summer:

(Speaker)

Give them plenty of fresh water to drink.

Give them a shady place outdoors to get out of the sun, or keep them indoors.

And never, ever leave your pet in the car, whether it's for a minute or a half-hour. It could prove deadly in the summer heat.

(Speaker)

By taking a few precautions and using common sense, this could be your best summer ever with your animal buddy. So let the fun begin — and stay safe!

(Speaker)

This message is brought to you by AnimalNetwork.com, [your name] and [your animal's name].
