

Ferret Movie Release Delayed

Look to 2009 for the release of the movie Inkheart, which features ferrets.

Posted: April 1, 2008, 5a.m. EST

In the March/April print issue of Ferrets Magazine, the article "A Mix Of Fantasy And Ferrets" reported that the movie Inkheart was scheduled for release in March 2008. Some of you may have noticed that this didn't occur.

The release date for the movie Inkheart is currently set for January 30, 2009. Look for it in theaters to see some of the best ferret supporting acting since the movie The BeastMaster.

In the movie Inkheart, a number of ferrets worked together to play the role of Gwin, a fantastical creature known as a horned marten. The movie Inkheart is based on the book of the same name, which was written by Cornelia Funke.
