

July 2008 Product Spotlight, Sleepypod

This contest has ended, and one lucky person won a Sleepypod pet carrier courtesy of Sleepypod.

The Sleepypod is more than a pet bed, more than a carrier or car seat: it's a lifestyle. It's your pet's personal space, designed to fit his/her individual needs. Sleepypod pampers your pet in luxurious ultra-plush and foam, providing comfort and security. In times of fear or stress the dome top can be opened or closed by unzipping the center and adjusting the sides. An optional warmer is available for extra coziness on chilly nights or when a human lap just isn't available. And for the warm summer days, optional Air Mesh bedding can be used. The Sleepypod is available in two sizes (mini is shown) and five vibrant colors to match any personality. The colors are strawberry red, jet black, dark chocolate, sky blue and arctic white (available only in the regular-size Sleepypod). The Sleepypod Mini accommodates pets weighing up to 7 pounds and has a suggested retail price of \$149.50.
