

February 2009 Product Spotlight, 490 Corner Ferret Cage by Prevue Hendryx, Ferrets magazine

This contest has ended and one lucky person won a 490 Corner Ferret Cage!

Posted: February 1, 2009, 5 a.m. EST

Prevue Hendryx introduces the #490 Corner Ferret Cage that measures 39 inches long by 27 inches deep by 45 inches high (63 inches high on stand). The cage has 1-inch wire spacing and features two large front doors for easy access to pets, as well as a removable bottom grille and tray for easy cleaning. Four ramps and platforms are included with the cage, giving ferrets or other pet plenty of room to jump, climb and play. The cage sits on a rolling caster base and also includes a bottom shelf for storing extra food, treats and supplies. The Corner Ferret Cage is available in a black hammertone, powder-coated finish.

Prevue Hendryx considers pet safety its No. 1 concern, and the company says that it continuously tests its products in independent labs and only uses multiple finishes and coatings that are completely non-toxic, lead-free and zinc-free. If you already own a Prevue Hendryx cage, the company invites your comments.
